PROFILE

Motivated and detail-oriented web developer with 2 years of experience in building responsive websites and user-friendly applications. Bilingual in English and French, with strong problem-solving skills and a passion for learning new technologies. Known for being proactive, adaptable, and committed to delivering high- quality work in team or individual settings.

PROFESSIONAL EXPERIENCE

UI UX Designer
03/2025 – Present
Algeria

Qotra/Made in Algeria ⊡
Assisted in designing user interfaces and improving user experience for web and mobile applications. Created wireframes, mockups, and interactive prototypes using tools like Figma and Adobe XD. Collaborated with developers to ensure design consistency and usability across platforms. Focused on clean, user-centered design and accessibility.

Frontend Developer
11/2023 – Present
Algeria

Freelance
Contributed to the development of responsive and interactive web interfaces using HTML, CSS, JavaScript, and React. Focused on creating clean, maintainable code and optimizing user experience across devices. Collaborated with designers to translate UI/UX mockups into functional components, ensuring visual consistency and performance.

Frontend internship
08/2025 – 09/2025
Remote

CodeAlpha ⊡
Delivered multiple task-based features with sleek, responsive UI implementations; proactively researched and applied the latest front-end trends and updates over the past year to improve design consistency and user experience.

System Information internship
12/2024 – 03/2025
Algiers, Algeria

Ministry of Post and Telecommunications ⊡
- Collaborated with senior developers and received mentorship that helped shape the direction of my graduation project (PFE) focused on digital financial services.
- Gained insights into secure digital systems, which sparked a strong interest in cryptography and led me to explore Crypthage-related concepts and technologies.
- Developed a deeper understanding of how public digital platforms function, which influenced my vision for user-centered and secure application development.

Graphic & Social Media Designer
06/2022 – 11/2023

Freelance
Designed engaging visuals for social media platforms, including posts, stories, banners, and ads. Ensured brand consistency across all designs while using tools like Photoshop, Illustrator, and Canva. Focused on creating content that increases engagement and aligns with marketing goals.

Ads Manager
09/2021 – 02/2023
Algeria

Freelance
Planned, launched, and optimized paid advertising campaigns across platforms like Facebook, Instagram, and Google Ads. Monitored performance metrics (CTR, CPC, ROI) and adjusted strategies to improve results. Collaborated with design and content teams to create effective ad creatives and drive audience engagement.

PROJECTS

AllSuitX ⧉
AllSuitX IBP, an AI-powered solution designed to tackle one of the biggest challenges businesses face— misaligned sales and operations, slow decision-making, and fragmented data.

Finease ⧉
Modern mobile banking application with clean UI, financial insights, and card management features.

AWARDS

Hackathon Tatweer ⧉   02/2025
participated in the Tatweer Hackathon by Micro Club usthb, where we built AllSuitX IBP, an AI-powered solution designed to tackle one of the biggest challenges businesses face—misaligned sales and operations, slow decision-making, and fragmented data.
